

The Autism Star Conference Planning Team would like to hear from you!

Did your child receive an autism diagnosis in the last two
years?

Please consider joining us for a short focus group session to
share your experiences.

We want to hear your family's experience around:

- ★ Receiving an autism diagnosis for your child
- ★ Topics or resources you would like to learn about
- ★ Challenges connecting to services
- ★ Areas where you'd like to see more support

Our planning committee consists of community organizations and partners serving the Intellectual Developmental Disabilities community across Alameda and Contra Costa counties. We value your input and it will be used to help us plan future activities to support community members like you.
