

To RCEB Service Providers:

We are all facing an unprecedented situation as our state and counties continue to take action to slow the spread of COVID 19. We want to be sure you know how to contact us and get your questions answered.

We have a list of FAQs on our website regarding many of the common questions we have been receiving. We will be adding to it as the situation changes.

However if you have questions that are not addressed here, please send an email to writetous@rceb.org. We will be able to respond in a timely manner.

Those who think they may have been exposed to COVID-19 or are showing symptoms should contact their healthcare provider immediately and follow all instructions to protect themselves and others.

If you as a service provider believe you have a consumer who may have been exposed to COVID-19 or has been diagnosed with COVID -19, we are asking you to complete a special incident report and submit it to sir@rceb.org.

If you need a form or directions go to <https://www.rceb.org/special-incident-report>. Please do so even if you would not usually complete an incident report.

Thank you for your support of the individuals we serve during these unprecedented times

In partnership,

Lisa Kleinbub,
Executive Director
