SAME DAY REGISTRATIONS ARE NOT PERMITTED

The RCEB Community Training & Education Committee (CTEC) is a committee of Regional Center staff who meet the identified training needs of service providers.

Due to COVID Restrictions, CTEC trainings for 2021 will be held virtually via ZOOM. **It is required that you participate on video. If you are not able to be seen on video during the training, you will not get credit for the training.**

To help residential homes obtain CEUs during shelter in place, below are a few places other than RCEB to obtain T17 CEUs/ARM Credits on-line for your employees. Please ensure you get clear documentation on who completed what trainings and the classes pertain to the people living in your home.

The webinars on [Community Support of Individuals at Risk of Challenging Sexual Behavior](#), and [Role of the Interdisciplinary Team when Psychotropic Medications Are Used to Manage Psychiatric Conditions](#) seem interesting.

People with disabilities who have been labelled as having "challenging behavior" are often overboard and terrified, and we barely seem to notice. Watch: Our online learning module "Jumping Into the Chaos of Things" by David Pitonyak will help your staff to understand the needs of people who have difficult behavior in a profoundly straightforward way.

The AFIRM modules that have been created by CAPTAIN. Our hope is to promote these modules within our homes and day programs. The modules are all based on evidence-based practices like prompting, reinforcement, self-management, task analysis, etc. Each module is about 1.5 – 2 hours long, has a pre- and post-test, and you can choose to earn a certificate for passing the module.

They have two online courses on IDD and sexuality: The “Developmental Disability and Sexuality 101” course has 6 modules, each about 90 min long. Each module has a handout that must be filled out to show participating and objectives learned.

The “Talking with Your Kids: Developmental Disability and Sexuality” course has the same layout as the above course but its target audience is parents. This portion for children group homes only.

PLEASE NOTE: All Certificates of Continuing Education provided by Regional Center of the East Bay meet the qualifications for approval by the California Department of Social Services for ARF and GH Administrators. Certificates will not qualify for approval by the California Department of Social Services for RCFE Administrators.

PCT Trainings

***All trainings will be held from 9AM-12PM**

January Series: 1/4/21, 1/6/21, 1/8/21, 1/11/21, 1/13/21, 1/15/21

As 2020 has put a hold on in-person Person-Centered Thinking trainings, we would like to offer the virtual-led model of this training. Person-Centered Thinking revolves around the core principle of balancing What’s Important To someone and What’s Important For someone. Through this training, attendees will learn practical skills that they can take back to their respective workplaces that center the person being supported, while continuing to effectively improve the supports that are currently in place.

NOTE: As this training has been moved to a virtual space, attendees can expect to invest about 18 hours of training delivered via Zoom. Each training series will consist of 6 dates and times and attendees are expected to attend **ALL** parts of the series to receive their credit. Moreover, we are also requesting **one person per computer screen with a webcam**, as you are able, since this is a highly interactive training with breakout groups throughout the training. Finally, more training series will be released as we continually assess the impact of COVID-19 on PCT training offerings.

Where:

All training will be held via Zoom. Once registered, you will receive confirmation of the training with the Zoom link.

Cost: \$75 per person (Please make checks payable to RCEB)

Person-Centered Thinking Refreshers

***All trainings will be held from 1:30PM - 3PM**

1/22/2021 - The Core Principle of PCT: What's Important To/Important For and finding the Balance

In an effort to continue bolstering the use of Person-Centered Thinking (PCT) tools in our current system and fostering a community of learning, RCEB is holding PCT Refreshers for those who have previously attended a 2-day PCT Training to create the space for continued learning around the tools that were taught during the training. Through examples and interactive activities, it is our hope that we continue to incorporate the tools learned during the PCT Training into our day-to-day to merge PCT principles and skills with our everyday practice.
