TAI and DS1964 Spreadsheet Files
Available Files for Download

If you currently are e-mailed a Microsoft Excel turnaround invoice (TAI) or DS1964 (for service code 950 services), you may now choose to access that invoice on the eBilling website.

You will need to talk to your Regional Center about setting up your profile and posting your invoice to the eBilling website.

If you do choose to download your TAI or DS1964 from the eBilling website, you will see invoices available for download on the right hand side of the Home tab.

You will see files available for download on the right side of the Home Dashboard. There will be a blue DOWNLOAD button on the right side of each available invoice.
