

**PUBLIC MEETING**

# **NATIONAL CORE INDICATORS**

**DATA PRESENTATION**

**APRIL 28, 2025**

# WHAT ARE THE **NCI SURVEYS**?

[www.rceb.org](http://www.rceb.org)

- **A survey that is used by many states to assess the outcomes of services provided to individuals with developmental disabilities and their families.** Questions (called indicators) address key areas of concern including employment, rights, service planning, community inclusion, choice, and health and safety
- **Used by at least 42 States in varying ways**
- **Human Services Research Institute (HSRI) is the organization that analyzes the results of the survey and writes a statewide report.** HSRI was established in 1976 to assist states and the federal government to enhance services and supports to people with intellectual and developmental disabilities. To learn more, visit: <http://www.hsri.org>
- **The California State Council on Developmental Disabilities (SCDD) administers the survey in our State**

# OTHER SURVEYS

## IN PERSON

**Each year different surveys are conducted by the State Council in California. Approximately 42 other states conduct these surveys as well.**

[www.rceb.org](http://www.rceb.org)

**For FY 22/23, only in-person surveys were conducted.**

# UNDERSTANDING **THE DATA**

- Regional centers receive an 'N/A' designation within the table if fewer than 20 people responded to the survey item. CA average is reportable given that more than 20 people responded at the statewide level.

[www.rceb.org](http://www.rceb.org)

# WHERE CAN YOU FIND MORE INFORMATION

- **National Core Indicators - CA  
Department of Developmental Services**
- **Link on RCEB's website: <https://rceb.org>**

[www.rceb.org](http://www.rceb.org)
